Skills

- JAVA
- JavaScript
- C#
- Data Structures
- Spring Boot
- React Js
- Node Js
- Monodb
- Python
- Selenium
- SQL
- DevOps/DataOps

Soft Skills

- Problem-solving
- Communication skills
- Critical thinking
- Teamwork
- Active listening
- Presentation skills

Languages

- English
- Hindi

Hobbies

- Cycling
- Gym
- Gaming
- Skating
- Reading

Profile Summary

Motivated and dynamic fresher with a strong foundation in Full Stack Development technologies including JavaScript, HTML, CSS, React, Node.js, SQL, Java, Spring Boot, and Express. Proficient in creating dynamic web applications and RESTful APIs. Enthusiastic learner with proven experience in Automation Testing Domain, seeking opportunities in Full Stack or Software Development roles to contribute and thrive in a dynamic environment.

Professional Experience

Leapwork

Apr 2023 - Present

Junior Automation Engineer

Executed Leapwork (RPA) tool within a sophisticated Page Object Model framework, enhancing automation efficiency by 50% and ensuring seamless integration within agile team dynamics.
Orchestrated a transformation in Process Automation domain, pioneering Leapwork as the primary tool; streamlined API automation using Selenium, C#, and NUnit, slashing platform processing time by 40%.. Engaged in agile team dynamics, collaborating seamlessly while leveraging **Azure pipelines** for efficient deployment and execution of pipelines.

XISCHE & CO

Aug 2022 - Jan 2023

Automation Tester/ Intern

Spearheaded automation testing for TAMM PORTAL (<https://www.tamm.abudhabi/>), resulting in a 30% reduction in testing time and ensuring seamless functionality for Abu Dhabi Digital Authority.
Orchestrated a pivotal role in the TAMM PORTAL project for Abu Dhabi Digital Authority, executing D14 framework test scripts that enhanced efficiency and accuracy by 40%.

XENONSTAKS

Jan 2022 - Jun 2022

DevOps/DataOps Intern

Engaged in a rigorous 5-month internship, delving into the theoretical realms of DevOps and DataOps. Acquired foundational knowledge and explored key concepts during this learning experience.

CEPTA

Jun 2020 - Jul 2020

Java Training

Completed a comprehensive Java summer training program with CETPA, gaining foundational knowledge in Java programming and exposure to Object-Oriented Programming (OOPs) concepts.

Personal Development Projects

Educational Pursuit at Coding Ninjas :-
Actively engaged in a Coding Ninjas program focused on **Java Spring Boot** and **React development**, aimed at acquiring practical skills and preparing for professional opportunities in the field.
